

WCNP Community Calendar Policy

WCNP's Community Calendar is provided as a free service to our listeners and for the benefit of the community. A summary of upcoming events will be broadcast several times each day on the radio and listed on the station's web page. Churches, businesses, organizations and individuals are welcome to submit events to be listed on the Community Calendar.

Events are posted by date and are subject to approval by the manager of WCNP. All approved submissions will be in harmony with with overall goals and vision of the station. WCNP reserves the right to edit and select from all submissions for the Community Calendar.

Inclusion of events in the on-line Community Calendar and broadcast over the air does not necessarily represent endorsement by WCNP but is provided as a service to our listeners.
