

## **WCNP Community Spotlight Policy**

Community Spotlight is a 20-50 minute interview recorded for broadcast on WCNP. The goal is to present topics of interest to our listeners and allow for organizations to communicate their message to the public.

Churches, businesses, organizations and individuals may suggest or request a broadcast interview on WCNP by contacting the general manager. WCNP reserves the right to select those submissions which best reflect the overall visions and goals of the station and will benefit the community. The actual broadcast date and time will be at the discretion of the station.
